Guided tour to add a St. Paul calendar (iCal) to your calendar

Method 1: using one of our predefined options.
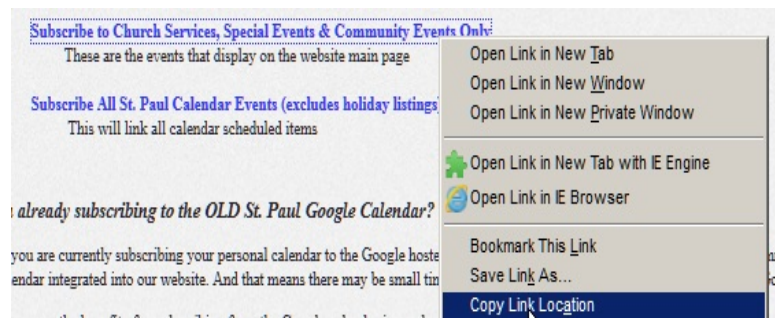

St. Paul's website calendar is iCal compatible and our website contains two predefined subscription URL's.

Your target calendar MUST be iCal compatible. Google (and Apple) calendars are iCal compatible.

Website navigation
Home—>Events—>iCal Subscriptions
This partial screen capture displays the two predefined iCal urls. Right-click on the link you want and select the Copy Link Location as illustrated

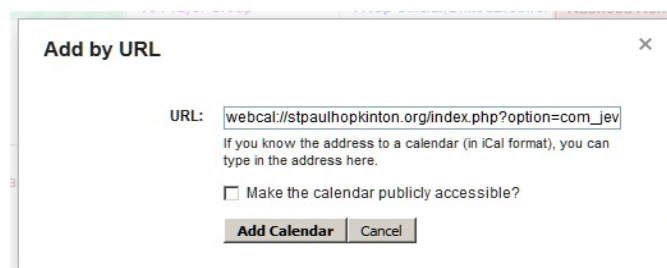

The Church Services, Special Events & Community Events only url will integrate ONLY the events that filter onto our main page. This will leave out mundane schedule items such as church cleaning.

The other link, Subscribe All..., will link all calendar entries that are displayed when you view the Home–>Events–>Calendar

Login to your Google calendar

Select the other calendar drop-down and pick Add by URL

Paste the URL link you copied from the St. Paul website

Method 2: Define your own

Website navigation
Home—>Events—>iCal Export
This partial screen capture displays the default selection criteria to create your own iCal link. Taking the default will export ALL St. Paul calendar events; The same url as our Subscribe All... predefined link displayed in Method 1.

**Generate Your Own Custom Subscription Link**

By Year   B

Please select a category   Select Years

☑ All categories   ☑ All Years

Generate Export

Uncheck the All Categories to enable selection of event categories to filter what events you wish to integrate into your calendar

Please select a category   Select Years

☐ All categories   ☑ All Years
☑ Church Services
☐ other
☐ Parish Hall Use
☑ Church Special Events
☑ Community Event

Generate Export

This selection set will create the same URL described in Method 1 to link only events we display on our main website page.

Click the Generate Export

Generated Export Options:

Public Events

Click here to download the event calendar

Add to
Google Calendar

Please select a category   Select Years

☐ All categories   ☑ All Years

Generate Export

Do Not Click the download link. See website for explaination.

Click the Add to Google Calendar button. This should take you directly into your Google calendar with a confirmation popup

Do you want to add this calendar?

Would you like to add calendar: webcal://stpaulhopkinton.org/index.p years=0&k=bc839a243bf955779f863f81afee0380?

Yes, add this calendar   No, do not add this calendar
